

Modeling Tools:

Practice: Structures || Project Type: Steel & Concrete
Phase: Fabrication

	Visualization	Analysis	Modeling	Interoperability	Verification	Rationalization	Design
• Extract Beam Rotations			•				
• Framing Connectivity Repair			•				
• Export/Import User Defined Attributes			•				
• Section Mapper					•		
• Model Compare			•				
• Delete From Drawing			•				
• Swap Handles Identifier			•		•		
• Locate Duplicate Elements			•				
• Column Splitter			•				
• Auto Connection			•
